Workplace Experience Scheme 2018

The Workplace Experience Scheme was first launched in 2010, aiming to provide opportunities for S.5 students to apply their classroom knowledge in real-life workplaces, encouraging them to develop their career orientation. In the past few years, with the tremendous support from the Parent-Teacher Association, Past Students Association, community partners, parents and students, the scheme has been a great success.

This year, 173 applications out of 199 students (application rate is 87%) and all applicants got an offer (offer rate is 100%).

GHSPSA would like to express our sincere gratitude to the following past students for lining up opportunities for our Workplace Experience Scheme 2018.

Catherine E. Ng	Hong Kong Polytechnic University
Cynthia Fung	The Shack Kowloon Bay Limited
Debby Shing	Social Alliance Communications Consultancy Co Limited
